

# What I need to learn at home this Autumn Term in Maths

## Y2 Number bonds to 20 Partitioning

### Speedy facts to learn

#### Number bonds and doubles to 20

- #
- |             |            |
|-------------|------------|
| $6 + 6 =$   | $19 + 1 =$ |
| $7 + 7 =$   | $1 + 19 =$ |
| $8 + 8 =$   | $2 + 18 =$ |
| $9 + 9 =$   | $18 + 2 =$ |
| $10 + 10 =$ | $17 + 3 =$ |
|             | $3 + 17 =$ |
|             | $4 + 16 =$ |
|             | $16 + 4 =$ |
|             | $15 + 5 =$ |

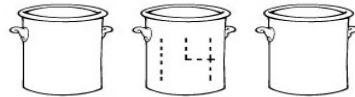

How many different ways?

### :Partitioning

How many ways to make 14?

- $10 + 4 =$     $8 + 6 =$   
 $8 + 4 + 2 =$

Before and After:  
 What numbers come before and after FOURTEEN?

Divide the 14 french fries in half, by circling 2 groups with the same amount of french fries in each group. How many are in each group?

+  = 14

Times tables practise - you will need to recall counting in 2's 5's and 10's ready for learning your times tables.

You can time yourself or make up songs to help you!
