

## Reception – Numbersense Autumn 2

Use egg boxes as collection frames. Ask your child to collect up to 5 objects for the frames.

You could gather collections indoors or outdoors.

Subitising cards and a number track – Create a simple set of cards with representations of 1/2/3/4/5 and a number track using cards with numerals 1/2/3/4/5.

Turn over and match to the numeral on the number track.

Extra Challenge – cut up and re-make the number track in order.
